

Hydrogen in Europe's energy transition: EU partnerships, national ecosystems and the skills pipeline

Venue: The Representative Office of Mazovia Voivodeship, Rue Victor Hugo 199, 1030 Brussels

ECRN, in collaboration with the Erasmus+ project “Professionals and their Skills in Hydrogen” and Mazovia, will host a focused half-day dissemination event that links the European policy and partnership landscape to Belgium's and Poland's national ecosystem and The programme connects strategy to delivery by showing how EU initiatives translate into on-the-ground action and how the skills pipeline enables real projects.

in collaboration with

It will set out why hydrogen matters for Europe's energy transition, explain how EU partnerships operate and interface with regions, and showcase the skills needed to build a capable workforce.
