We are ...

a network of
regional public
authorities

an acknowledged
European chemical
stakeholder

a platform for
collaboration

a promoter of
regional interests

Our objectives ...

to **reinforce** recognition of ECRN as a strong stakeholder

to **improve** regional development strategies

to **articulate** the common interests of chemical regions

to **foster** European cooperation

Our organisation...

- General Assembly
- Executive Board
- Permanent Working Group
- Thematic Working Groups
- Secretariat (Brussels)

The success ...

- ... **growth** from Interreg-project to a well-established network
- ... **good relations** to the European Commission
- ... recognised as an **important stakeholder**
- ... **contribution to EU discussions** through consultations, meetings with decision-makers and other stakeholders
