

Public Affairs and Communication Internship at the European Chemical Regions Network (ECRN)

The **European Chemical Regions Network (ECRN asbl)** is looking for an enthusiastic candidate for a trainee position in the ECRN Secretariat in Brussels for 4 months, starting in March 2019.

ECRN seeks to enhance the competitiveness of European regions' economy by facilitating cooperation among its members and with other stakeholders, and to serve as a platform for exchange of experiences. We represent *regional public authorities*. We also work together with other chemical stakeholders, the chemical industry, and the EU institutions. For more information, please visit www.ecrn.net.

Our network is diverse and international, including regions from Belgium, Czech Republic, Germany, Italy, Poland, and the Netherlands. The ECRN Secretariat is a *small* team based in Brussels that coordinates the activities of the network, organises events and represents the network towards the EU institutions, acts as a contact point for other organisations and partners.

Profile and qualifications:

- University degree in Political science, International relations, EU studies or similar.
- Excellent communication and organisational skills, ability to synthesize information and communicate concisely, excellent analytical and drafting skills.
- Familiarity with EU institutions and EU policies, esp. in the field of Bioeconomy, Industrial Policy, Cohesion Policy, Innovation Policy.
- Computer literacy in Microsoft Office applications. Affinity for social media tools is a plus.
- Interest in regional policy and regional dimension of EU policies.
- Excellent knowledge of written and spoken English. Additional language skills are an advantage.
- Previous experience with EU/regional institutions or networks (desirable).
- Ability to work in a small team.

Tasks:

- Contribute to the organisation of ECRN events and meetings.
- Monitor and analyse news on relevant EU policy developments, national and regional policies and other initiatives that are of interest to the chemical regions.
- Compile content and updates on EU policy developments and regional news for the ECRN's communications channels (social media, website and newsletter); prepare internal and external publications and assisting in other communication activities.
- Update the ECRN website.
- Manage contact directories and updating databases.
- Participate in conferences, seminars and workshops related to ECRN interests.
- Undertake other administrative tasks and assignments as required.

We offer:

- full-time position for at least 4 months
- a contract under Belgian law

- Remuneration of 789 EUR and internship plan under the conditions of the "[Convention d'immersion professionnelle](#)'
- insights into various daily tasks
- Excellent networking opportunities
- International working environment and opportunity to take initiative

How to apply

Send your CV (max. two pages) and a motivation letter (max. one page) to Ms. Georgieva at ecrn@ecrn.net by **20 February 2019**, mentioning "ECRN Internship" in the subject of your e-mail.

Your motivation letter should include replies to the following questions:

- **Why do you see this traineeship as the relevant next step in your professional development?**
- **Why are you interested in a network of regional public authorities of chemical regions?**

Interviews will take place in February, in our Brussels office or via Skype. Please note, that we are evaluating applications on a rolling basis.

Please note that only shortlisted candidates will be contacted. Personal data of non-selected candidates are not shared with anyone outside ECRN and will be deleted immediately after the recruitment process.
