

## Chemicals Partnership Working Meeting

Halle (Saale), Germany 25 February 2019

### Main features

- Half-day format;
- Introduction and discussion on draft scoping note;
- Working sessions on partnership priorities and organisation of the partnership.

### Expected results

- Identification of key priorities (three to four);
- Designation of leading region per priority area;
- Establishment of work groups;
- Next steps and actions to be taken.

### Participant profiles

- Regional representatives: The ones who are actively involved and committed to the process, in the position to express the position of the region they represent and potentially interested regions (to be invited based on ECRN contacts and mapping);
- Regional Stakeholders: Business Leaders (Cluster managers, leaders from relevant business associations and organisations, managers of leading companies operating at international level);
- ReConfirm specialists and ECRN
- It is expected to have up to 20 participants (max).

### Preparation required by participants

- Review of the draft scoping note: facts presented and consequences for the priorities and organisation of the partnership;
- An overview of key priorities in your region and related policies and projects that are relevant in the context of the partnership;
- An identification of capacities within your region to:
  - Take on leadership of a priority area particularly relevant to your region;
  - Organise (match-making) events between industries and businesses in the priority area.
- Concrete suggestions for actions and steps within the next six months that can be instrumental in mobilising of key regional stakeholders (e.g. companies) and the development of investment projects.
